Your Canadian Family Multi-Brokerage Tracker Is Ready.

Your TFSAs, your RRSPs and your children's RESPs, at up to 8 brokerages, in one Google Sheet · TFSA and RRSP room · each child's $50,000 limit and CESG · family value

A family's money rarely sits in one place. Your TFSA is at one brokerage, your RRSP at another, and the kids' RESP somewhere else. Each one follows its own rules, and no brokerage sees the others. This tracker puts all of it in one sheet: one TFSA room for all your TFSAs, one RRSP room for all your RRSPs, each child's $50,000 lifetime limit and CESG across every RESP, and what the whole family is worth today at live prices. It comes with sample data so you can see it working first.

(The /copy at the end of the link makes Google ask you to save your own copy. If clicking does not work, copy the link into your browser.)

GET STARTED: 6 STEPS

1 — Make Your Own Copy
Click the link above, then click Make a copy. Rename it, for example "Family Tracker 2026". Always work in YOUR copy, never the original.

2 — Clear the Sample Data
Open the MapleSheet menu at the top of the sheet and click Clear Sample Data. Your formulas, dropdowns and settings stay in place. (First time? Google asks you to authorize the menu: click Continue and Allow.)

3 — Fill In Settings & Goals
Only edit the amber cells: your family name, Active Year, up to 8 brokerages, your TFSA room on January 1 (CRA My Account), your RRSP deduction limit (Notice of Assessment), and each child's name, birth year, past RESP contributions and past CESG.

4 — Log Your Transactions
In the Transaction Log, one row per transaction: Date, Institution, Account (TFSA, RRSP or RESP), Child (RESP rows only), Type and the amount. A Contribution uses room in that account.

5 — Log Your Investments
For each purchase: Type = Buy, the ticker (TSE:XEQT for Canadian, NYSE:JNJ for US), shares and price. US stock? Pick USD in the Currency column. Column P flags anything to double-check.

6 — Watch It Add Up
The Family Dashboard shows each account, your family value, every brokerage side by side, your TFSA and RRSP room, and how much more each child needs this year to collect the full CESG.
