Your TFSA + Margin Linked Multi-Brokerage Tracker Is Ready.

Your TFSAs and your Margin and Cash accounts, at up to 8 brokerages, in one Google Sheet · TFSA room · collateral · Line 22100

Your TFSA is tax-free, your margin account is taxable, and when your brokerage lets you pledge the TFSA as collateral, the two are linked. Spread across more than one brokerage, nobody sees the whole picture. This tracker adds everything up: one TFSA room for all your TFSAs, your margin loan and loan-to-value at each brokerage, the extra borrowing power your TFSA gives you, the break-even yield, and your tax numbers from the taxable accounts only. It comes with sample data so you can see it working first.

(The /copy at the end of the link makes Google ask you to save your own copy. If clicking does not work, copy the link into your browser.)

GET STARTED: 6 STEPS

1 — Make Your Own Copy
Click the link above, then click Make a copy. Rename it, for example "TFSA + Margin Tracker 2026". Always work in YOUR copy, never the original.

2 — Clear the Sample Data
Open the MapleSheet menu at the top of the sheet and click Clear Sample Data. Your formulas, dropdowns and settings stay in place. (First time? Google asks you to authorize the menu: click Continue and Allow.)

3 — Fill In Settings & Goals
Only edit the amber cells: your name, Active Year, up to 8 brokerages with each one's margin rate and TFSA collateral rate (only if it lets you pledge your TFSA), and your TFSA room on January 1 from CRA My Account.

4 — Log Your Transactions
In the Transaction Log, one row per transaction: Date, Institution, Account (TFSA, Margin or Cash), Type and the amount. A TFSA Deposit is a contribution. Log each monthly margin interest charge as Margin Interest.

5 — Log Your Investments
For each purchase: Type = Buy, the ticker (TSE:XEQT for Canadian, NASDAQ:AAPL for US), shares and price. US stock? Pick USD in the Currency column. Column P flags anything to double-check.

6 — Watch the Link
The Main Dashboard and the Margin & Collateral tab show your loan, loan-to-value, the borrowing power your TFSA adds and your TFSA room. At tax time, the Tax Summary gives you Lines 12000, 12100, 12700 and 22100.
