Your RRSP Tracker Is Ready.

Your RRSP in one Google Sheet · 8 automated tabs · live prices · contribution room · 0% US withholding

You need a free Google account, nothing else: no Excel, no app, no monthly fee. The tracker runs entirely in Google Sheets and is yours to keep. It comes with sample transactions so you can see it working before you add your own.

GET STARTED: 5 STEPS

1 **Make Your Own Copy**
Click the link above, then click “Make a copy.” Rename it “RRSP Tracker 2026 — [Your Name]” and save it to your Google Drive. Always work from YOUR copy, never the original.

2 **Clear the Sample Data**
Open the Transaction Log, click cell A4, press Ctrl+Shift+End (Windows) or Cmd+Shift+End (Mac), then press the Delete key only. Never right-click → Delete rows. The Clear Sample Data Guide PDF walks you through it.

3 **Update Settings & Goals**
Fill in the amber cells: your name, the Active Year, your RRSP deduction limit from your latest CRA Notice of Assessment, and your goals. See the red note below the table so your room isn’t counted twice.

4 **Log Your First Transaction**
In the Transaction Log, choose Account = RRSP and a Type (Contribution, Buy, Dividend and so on). Canadian tickers need the TSE: prefix (TSE:RY); US tickers don’t (KO, not NASDAQ:KO).

5 **Check Your Dashboard**
All 8 tabs update on their own: the Main Dashboard, the RRSP Portfolio, the Dividend Tracker and Analysis & Reco.

SETTINGS & GOALS: WHAT TO ENTER

Setting	Where to find it	Example
Your Name	Your name	Lino Consulta
Active Year	The current calendar year	2026

Setting	Where to find it	Example
Province · Birth Year	For reference. Birth year sets your RRIF conversion year	BC · 1985
RRSP Deduction Limit	“RRSP deduction limit for 2026” on your latest Notice of Assessment, or CRA My Account	$24,600
Unused Room Carried Fwd	Leave at $0 if you used the NOA figure above (it already includes unused room)	$0
Goals	Your contribution, dividend income and growth targets for the year	$10,000 contribution

Don’t count your room twice. The deduction limit on your Notice of Assessment already includes all your unused room from earlier years. Enter that one number as the Deduction Limit and $0 as Unused Room Carried Fwd. The 2026 dollar maximum is $33,810; your own limit is 18% of your 2025 earned income (up to that maximum), minus any pension adjustment, plus unused room.

WHAT’S INSIDE: 8 AUTOMATED TABS
