Your RRSP + FHSA Multi-Brokerage Tracker Is Ready.

Every RRSP and FHSA you own, at up to 8 institutions, in one Google Sheet · FHSA room · RRSP room · your first-home down payment

Your FHSA room and your RRSP deduction limit belong to YOU, not to each account. If you save for your first home at more than one bank or brokerage, none of them knows what is in the others. This tracker adds everything up: your FHSA room left this year and for life, your RRSP room for the March deadline, the tax-free down payment your FHSA and the Home Buyers' Plan give you, the year your FHSA must be closed, every brokerage side by side, and your holdings at live prices. It comes with sample data so you can see it working first.

(The /copy at the end of the link makes Google ask you to save your own copy. If clicking does not work, copy the link into your browser.)

GET STARTED: 6 STEPS

1 Make Your Own Copy
Click the link above, then click Make a copy. Rename it, for example "RRSP + FHSA Tracker 2026 – Your Name". Always work in YOUR copy, never the original.

2 Clear the Sample Data
Open the MapleSheet menu at the top of the sheet and click Clear Sample Data. Your formulas, dropdowns and settings stay in place. (First time? Google asks you to authorize the menu: click Continue and Allow.)

3 Fill In Settings & Goals
Only edit the amber cells: your name, Active Year, birth year and up to 8 institutions. Then your FHSA participation room, past FHSA contributions and the year you opened your first FHSA (CRA My Account), your RRSP deduction limit (Notice of Assessment) and your down payment goal.

4 Log Your Contributions
In the Transaction Log, one row per transaction: Date, Institution, Account (FHSA or RRSP), Type and the amount in column L. Pick the Account on EVERY row: it decides which room the money counts against.

5 Log Your Investments
For each purchase: Type = Buy, the ticker (TSE:XEQT for Canadian, KO or NYSE:KO for US), shares in column I and price in column J. US stock? Pick USD in the Currency column. Column O tells you if anything is missing.

6 Check Your Dashboards
The Main Dashboard shows your FHSA and RRSP room, each brokerage, and the Home Purchase block: your tax-free down payment, your FHSA closing year and any HBP balance. Read the RRSP & FHSA CRA Rules tab once: the red cards are the mistakes that cost money.
