Your FHSA Multi-Brokerage Tracker Is Ready.

Every FHSA you hold, at up to 8 institutions, in one Google Sheet · combined room · lifetime limit · down payment progress

Your FHSA limits are per person, not per account. If you hold an FHSA at more than one bank or brokerage, none of them knows what you put in the others. This tracker adds them all up: your room for the year, your $40,000 lifetime limit, your holdings at live prices, and how close you are to your down payment. It comes with sample data so you can see it working first.

YOUR TEMPLATE LINK: click to open "Make a copy"

https://docs.google.com/spreadsheets/d/1lbCQrXG_ZZIsAb0Aj1FGFkSGTZKk7NsWmTBm-F-kkxs/copy

(The /copy at the end of the link makes Google ask you to save your own copy. If clicking does not work, copy the link into your browser.)

GET STARTED: 6 STEPS

1. **Make Your Own Copy**
Click the link above, then click **Make a copy**. Rename it, for example "FHSA Multi-Brokerage Tracker 2026 – Your Name". Always work in YOUR copy, never the original.

2. **Clear the Sample Data**
Open the **MapleSheet** menu at the top of the sheet and click **Clear Sample Data**. Your formulas, dropdowns and settings stay in place. (First time? Google asks you to authorize the menu: click Continue and Allow.)

3. **Fill In Settings & Goals**
Only edit the amber cells: your name, Active Year, the **year you opened your first FHSA**, and up to 8 institutions. Then enter your **FHSA Participation Room** (B24) and your **lifetime contributions before this year** (B25), both from CRA My Account.

4. **Log Your Contributions**
In the Transaction Log, one row per transaction: Date, Institution, Type = Contribution, and the amount in column K (Amt Original).

5. **Log Your Investments**
For each purchase: Type = Buy, the ticker with its exchange prefix (TSE:XEQT, NYSE:KO), shares in column H and price in column I. Moving money between your own FHSAs? Use **Transfer Out** and **Transfer In**: a direct transfer does not use room.

6. **Check Your Dashboards**
The Main Dashboard shows your market value, room left this year, lifetime room, and down payment progress. Read the FHSA CRA Rules tab once: the red cards are the mistakes that cost money.

WHAT IS INSIDE: 8 TABS

Tab	What it does
Start Here	Quick start and the most important things to know.
Main Dashboard	Market value, cost basis, gain/loss and contributions for every institution side by side, plus your room, lifetime room, progress bars and FHSA timeline.
Transaction Log	The only tab you type into besides Settings. Every other tab updates from it.
FHSA Portfolio	Combined holdings across all institutions: shares, average cost, live prices, market value and gain/loss.
Institution Dashboard	Side-by-side comparison of up to 8 institutions.
Dividend Tracker	Monthly dividends vs your goal, per-ticker summary and every dividend and DRIP.
FHSA CRA Rules	Colour-coded rule cards: red = avoid, amber = limit or deadline, green = benefit.
Settings & Goals	Your details, institutions, CRA numbers, goals and year-end checklists.

Included with your purchase: this Template Link, the **User Guide PDF** (every tab and column explained) and the **FHSA Government Rules PDF** (CRA rules in plain English). For educational purposes only. Not financial or tax advice. Rules summarized for the 2026 tax year from canada.ca (First Home Savings Account). Always confirm your own numbers in CRA My Account.
